

## PRESS RELEASE

### LIGHTEVENT invests in JBLED A7 / Martin MAC 301

At the Prolight + Sound in Frankfurt LIGHTEVENT Veranstaltungstechnik of Cologne invested in the new LED Moving Lights JBLED A7. The moving light by JB-Lighting, identical in construction to the Martin MAC 301, is considered the most powerful lighting device of its class. The scope of the zoom reaches from 8° to 28°. Having in the past lead the way in the use of LED Moving Lights, LIGHTEVENT Veranstaltungstechnik GmbH, the event technology professionals, have again invested in cutting edge technology.

LIGHTEVENT Veranstaltungstechnik GmbH was founded in 2001 by Klaus Schmitt, an accomplished executive producer and experienced lighting technician specialised in theatre. LIGHTEVENT provides lighting, PA, stage and media technology for companies as well as cultural events nation-wide. The company looks after presentations at tradeshows, corporate events or stage shows and is in charge of the technology maintenance and service of several event locations.
